1. Welcome and introductions
2. Purpose of today's workshop
3. Items from citizen's present
4. Committee review and discussion about iMesa feedback from the public and their own ideas:
  - a. What were the common themes (or broader categories) of ideas heard Citywide?
  - b. What are examples of transformative community projects or concepts (from the public or Committee members' ideas) that respond to those common theme areas?
  - c. What suggestion(s) does the Committee have for Council as the iMesa process moves forward into the implementation phase?
    - i. How to celebrate successes?
    - ii. Additional information or research needed?
    - iii. Implementation strategies?
5. Planning for the iMesa Committee presentation to Council in early 2012
  - a. Determine approach, roles and responsibilities
6. Adjourn workshop

**Note:** As needed, the Committee may decide to take a break(s) during this workshop. Also, if a quorum of City Council decides to attend, there would be no formal discussions or decisions made by the Council at this forum.
